

Outstanding results for Mansbridge Pupils 2016

National results published on the 5th July 2016 for the new primary school testing system in Maths and English show that only **53%** of children nationally have achieved the new higher standard expected of them.

At Mansbridge **77%** of children have achieved the new higher standard expected of them.

The Department of Education gave the following statement last week:

"This year's results are the first to be released following the introduction of a far more rigorous curriculum in 2014 that raises the bar in terms of expectations of young people's mastery of literacy and numeracy, bringing our primary school curriculum in line with the best in the world.

Results show that **nationally** :

- 53% of pupils met the new expected standard in reading, writing and mathematics
- 66% of pupils met the new expected standard in reading
- 70% of pupils met the new expected standard in mathematics
- 72% of pupils met the new expected standard in grammar, punctuation and spelling
- 74% of pupils met the new expected standard in writing "

Results show that at **Mansbridge** :

- 77% of pupils met the new expected standard in reading, writing and mathematics
- 88% of pupils met the new expected standard in reading
- 88% of pupils met the new expected standard in mathematics
- 92% of pupils met the new expected standard in grammar, punctuation and spelling
- 81% of pupils met the new expected standard in writing

I would like to congratulate children and all staff for the outstanding end of yr 6 results this year.

This is a remarkable achievement and one that we are particularly proud of. It is the result of the immense professionalism and hard work given by all staff throughout the school.
